Hi Audrey,

Here is my review of the lit search results from SRC. Sue E. had forwarded me their email that indicated they found 44 to include. I have the same number, but I know there's at least one difference in the list.

I put my reason for excluding next to the HERO ID. Those that are included are tagged IRISInclude. I'm happy to discuss or we can go directly to a screening conference call with SRC. I doubt there will be much discrepancy.

Beth

Subject: Updated Lit Search

Hi Beth,

Please see the attached updated Literature Search results from SRC. We will need to review and pick out the pertinent articles for possible inclusion into the phthalate documents.

Please let me know when you are finished with the review so we can compare our choices, reach consensus and get back to SRC.

Thank you.
Audrey
